## A NOTE FROM YOUR PASTOR

**GREG STEELE**  
*Senior Pastor*

Imagine a place filled with families, children, students, and individuals all gathered in a warm and welcoming atmosphere to hear and experience the life-changing message of Jesus Christ. A place where we can unite in worship, host multiple services, concerts, conferences, and special events throughout the week.

Over the past several years, our congregation has experienced incredible growth. While God has blessed us with wonderful facilities for Sunday worship, the time has come to expand and build something new to meet our growing needs. Our children's areas are overflowing with laughter, energy, and excitement, yet they desperately need more space for effective ministry.

We know that a building is simply a tool to help us reach Jasper and the surrounding communities. However, the need for a larger sanctuary and updated children's facilities is essential to continue sharing God's love and impacting lives. Now is the time to take this next step in faith.

The children of Israel had just completed 40 years of wandering in the desert. With Moses now gone, God raised up a new leader to guide His people into the Promised Land. In Joshua 1:2, God commanded Joshua, "The time has come to lead My people into the land I have promised."

I want to encourage you—don't sit on the sidelines. The time is now for your involvement. The door to our future is open, inviting us to step out in faith. The opportunity is before us to move forward, and the challenge is clear: to be part of the vision God has set before us.

Start today by seeking God in prayer and asking how He is calling you to participate in this season of stewardship. Let's move forward together in faith.

God bless!

**BRO GREG**

## OUR VERSE

*"Then the master told his servant, 'Go out to the roads and country lanes and compel them to come in, so that my house will be full. I tell you, not one of those who were invited will get a taste of my banquet.'" — Luke 14:23-24*

## OUR PRAYER

*"Lord, what are you calling me to do?"*

## THE NEED

God has presented Jasper First Baptist with an opportunity to meet a need and draw closer to Him. The opportunity is to improve our current facilities. The vision is to create a facility that honors God, first and foremost, and provides a sanctuary for worship for all ages, as well as improves the current facilities for the student and children's ministry.

## THE PROJECT

The project has several key parts. One part is to construct a new sanctuary on the west side of the Ministry Center. The east side entrance of the Ministry Center would become the main entrance to the church. The current Ministry Center would still be utilized as a gathering place for events as well as a welcoming center for the community and members as they enter the building.

A second part would be to enhance the current children's wing by creating an enclosed playground in the yard outside the wing, building an area for dropping off children, and updating the classrooms inside the wing.

The third part would be to tie the two wings together and create more usable space for students and adults.

The final part is to convert the current sanctuary to a community room for hosting events. These are the concepts currently, but changes can be made as God leads.

## THE COST

The cost is estimated at approximately \$3.2 million. Final numbers will be available once architectural plans are created and finalized.
